## **DETAILED ACTION**

### ***Restrictions***

1. Restriction is required under 35 U.S.C. §121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-28 and 34-43, drawn to a sales support system.

Group II, claims 29-33 and 64-68, drawn to a visit support system.

Group III, claims 44-63, drawn to a quotation design system.

2. The inventions listed as Groups I and II, II and III, and I and III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features. Special technical features are those features that make a contribution over the prior art.

3. A telephone call was made to Neil F. Greenblumm on or about December 31, 2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

4. Applicants are advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 C.F.R. §1.143). If Applicants expressly state on the record that the inventions are not patentably distinct, the Examiner may reassess the restriction requirement.

Art Unit: 3627

5. Applicants are reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. §1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 C.F.R. §1.48(b) and by the fee required under 37 C.F.R. §1.17(i).

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew J. Fischer whose telephone number is (703) 305-0292.
